BAZAAR
BRICOLAGE'S NEW ANNUAL FUNDRAISER
A MICRO IMMERSIVE CARNIVAL

- Pennsylvania Pure Distilleries

WELCOME!

Ladies and gentlemen, friends and family, artists and audience, creatures of the night, welcome to Bazaar! We are thrilled to invite you into Bricolage's very first micro immersive carnival: a festival of fun, a raucous revelry, a celebration of audience engagement in the most theatrical and adventurous fashion.

Since 2002, we have pursued a bond with our audience that is visceral, personal, and enchanting. It was never enough for you to sit quietly in our darkened theater behind the fourth wall. That imaginary line between artist and audience severed us from potential engagement. We are curious about you: what inspires you? What makes you squirm? What swells your heart? You are a crucial piece of our artistic puzzle. Remember, without you we are just rehearsing!

This new fundraiser, a direct departure from what you've come to know and love, is designed to connect you even more deeply to our mission of fostering connections and altering perceptions. Tonight we aim to delight your senses with delicious food, exhilarating games, and mouthwatering cocktails, but the main event will be the immersive emotional, physical, and mystical experiences that will lure you in, light you up, and leave you questioning what is real and what is imagined.

We are grateful that you have come to Bazaar to support the vision and future of our impassioned company. How wonderful that you are game to take this risk and be our partner on another mysterious adventure. We are eager for you to share with us your experience so that we may better serve you. Find us, talk to us; we promise we won't bite! More than anything, we hope you will come to know and love what we have in store for you tonight. Have fun, be yourself, and say yes!

In the carnival spirit,

The Bricolage Team

BRICOLAGE MISSION & VISION

We envision theater not as a passive experience, but as a vehicle for heightened involvement for artist and audience alike. By combining different artistic mediums, nourishing local talent, producing provocative work, and facilitating audience engagement, we seek to revitalize live performance for a new era.

The word Bricolage means “making artful use of what is at hand.” What excites us is the connection and interaction between seemingly disparate elements, and the potential for these components to resonate as one cohesive event. “What’s at hand” is Pittsburgh’s changing landscape, its plentiful human and material resources, and the salient political, cultural, and ethical issues we encounter and react to each day. Our approach encourages artists to take the creative risks necessary to create full-blooded, high-quality theatrical experiences that challenge audiences to engage in new ways, react, and express openly their opinions about our work – to have a stake in the creative discussion.
